

# Hybrid Dolly – versatile load carrier

Strong and versatile, 1/2 pallet Hybrid Dolly is constructed with plastic deck and metal reinforcements. It is also equipped with anti-slip strips to prevent the packages from gliding. It can support different sizes and types of plastic crates and trays and is ideal for storing, transporting and displaying bulk products. Hybrid Dolly can also be supplied with PIEK certified rubber wheels.

As with all K. Hartwall dollies, Hybrid Dolly offers one-touch logistics and is ready for display locking. Hybrid Dolly is also suitable for multiple uses and various transportation systems for a long life-span and low total cost of ownership.

## Designed for following uses and industries:

## Key benefits

- ✓ Ready to sell unit
- ✓ Easy branding and marking
- ✓ Suitable for automated order-picking
- ✓ Stackable for space savings
- ✓ Silent with optional PIEK certified wheels
- ✓ Suitable for automated handling

## Technical specifications
