

Lean Dolly type II – 600 x 400 mm

The Lean Dolly type II is equipped with 4 swivel wheels. It is designed to carry plastic crates and trays used in the automotive industry. It can easily be integrated into your automated system and used with or without a drawbar.

For optimised external transport and warehousing the Lean Dolly type II can be used together with the Lean adaptor pallet for the warehousing and distribution of components.

The Lean dolly, also known as Bodenroller on our biggest market Germany, is also available in ISO and US dimensions: 24" x 15" and 24" x 22.5".

Designed for following uses and industries:

Key benefits

- ✓ Improve work flow
- ✓ Reduce handling costs
- ✓ Enable reduction of stock level
- ✓ Reduce need for floor space
- ✓ Improve ergonomics
- ✓ Fast and safe truck loading
- ✓ Optimised vehicle fill
